

ADDITIONAL REGULATION NOTICE INFORMATION  
(AS 44.62.190(d))

1. Adopting agency: Commercial Fisheries Entry Commission
2. General subject of regulation: New gear code.
3. Citation of regulation (may be grouped): 20 AAC 05.220.
4. Department of Law file number, if any: 20242000176
5. Reason for the proposed action:

( ) Compliance with federal law or action (identify):

( ) Compliance with new or changed state statute

( ) Compliance with federal or state court decision (identify):

( ) Development of program standards

(X) Other (identify): One proposed gear change is in response to a new Board of Fisheries regulation.

6. Appropriation/Allocation: Commercial Fisheries/Commercial Fisheries Entry Commission (471)

7. Estimated annual cost to comply with the proposed action to:

A private person: If an individual wishes to utilize this new gear they will need to make that purchase. It is unknown if operating this new gear will lead to greater operational costs.

Another state agency: No agency will incur additional costs in response to this proposed action.

A municipality: Not applicable.

8. Cost of implementation to the state agency and available funding (in thousands of dollars):

There will be no cost for implementation for the CFEC. The commission already permits all of these fisheries. The changes to and addition of new codes will bring CFEC regulations into conformity with recent actions by the Board of Fisheries.

9. The name of the contact person for the regulation:

Name: Glenn Haight

Title: Commissioner

Address: P.O Box 110302
